#### **Final Schedule vs. Event Planner**

The final schedule is a draft submitted to you for the purpose of looking over your information and making sure it is correct prior to it being incorporated into the final program book. We have noticed that some of you, and your members, have waited until the Event Planner is available before looking at your information. Note that by that time all information has been sent to the hotels, to the audio visual suppliers, and meeting room signs have been printed. Make sure that your members become aware that the purpose of the Event Planner is for their convenience so that they can plan their schedules. The purpose is **NOT** to use it as a basis for making meeting corrections.

Below are listed the convention center/hotel abbreviations that appear within the schedule:
