

WAAC Annual Meeting, Silver & Sage Room, Old Main, University of Arizona, November 2-4, 2016

Tuesday, November 1, 2016

Pre-Conference Tours

Center for Creative Photography, 1030 North Olive Road, Tucson, AZ 85721

1:00 pm and 3:00 pm

Jae Gutierrez, the Arthur J. Bell Senior Photograph Conservator, will lead two tours of the CCP's conservation lab. Tours are free but space is limited. Advanced registration is required. CCP is located on the University of Arizona Campus. For information on CCP and directions on how to get there go to <http://www.creativephotography.org/visit>.

Getting There

The closest visitor parking is in the Park Ave Garage located North of Speedway Blvd on Park Ave. There is a pedestrian underpass that leads from southeast corner of the garage under Speedway Blvd and onto campus. The CCP is just south of the underpass on the east side of the street. For a map of the University of Arizona campus parking, go to <https://parking.arizona.edu/pdf/maps/campus.pdf>. CCP is building 103 on the map.

Western Archaeological and Conservation Center, 255 North Commerce Park Loop, Tucson, AZ 85745

1:00 pm and 3:00 pm

Dana Senge, Objects Conservator, National Parks Service Intermountain Region Museum Services Program, and her colleagues will lead two tours of the WACC conservation labs. Tours are free, but space is limited. Advanced registration is required. For more information about WAAC go to <https://home.nps.gov/orgs/1260/index.htm>

Getting There

By Car: WACC is located at [255 N. Commerce Park Loop](#) and is about a 10 min drive west from the University of Arizona campus. There is parking available in front of the building.

By Streetcar: For those without cars, WACC can be reached by the [Sun Link streetcar](#). The Sun Link Street car runs between the University of Arizona and the [Mercado San Augustin](#) on the west side of I-10. WACC is a short [15 minute walk](#) from the last stop at Avenida del Convento and Congress Street.

See the SunLink website for information on purchasing fares.

<http://www.sunlinkstreetcar.com/schedule/purchasing-fare>

The link to the [Real Time Streetcar Tracker](#) on the SunLink page provides a better map of the route and the stops in between.
